Introduction

Welcome to the 'O&G@SGH Resource Website' of the department of O&G of Sarawak General Hospital, located in the state of Sarawak, Malaysia.

Sarawak General Hospital is the largest and busiest hospital in the state of Sarawak, Malaysia. It is the main tertiary and referral hospital in the state of Sarawak. This hospital has been in existence since 1870 and currently has over 900 inpatient beds. SGH also serves as a teaching hospital for UNIMAS medical school, various postgraduate and subspecialty training as well as various allied health courses.

The department of Obstetrics & Gynaecology is among the busiest clinical department in SGH. It accounts for 35% of all hospital admissions and registered about 13,000 deliveries annually. It currently offers various subspecialty services such as gynae-oncology, maternal fetal medicine and reproductive medicine. At present, it is also among the few O&G unit in the country that offers robotics assisted gynaecological surgery.

The contents of the website will be updated from time to time, so please access it regularly. We hope this resource website is useful for you as junior doctors serving in the district health centers of Sarawak.

Best regards,

Dr. Harris N Suharjono (*FRCOG*)

*Consultant & Head
Department of Obstetrics & Gynaecology
Sarawak General Hospital*
